JUNE TERS APPLICATIONS NOW OPEN

This is to advise employers that the Unemployment Insurance Fund's Temporary Employer/Employee Relief Scheme (TERS) is now open for applications for June, the final month of the scheme.

It appears that the June applications follow the same procedures and have the same requirements as the May applications, including proof of payment to employees and confirmation of banking details. It is recommended that employers ensure that they are using the updated spreadsheet, available for download on the TERS portal, if intending to submit new CSV files for June.
